Maxtor Basics™

Portable Hard Drive

Portable storage for your digital life.

The Maxtor Basics Portable Hard Drive is ideal when:

You need simple, reliable add-on storage

You need to carry your digital world in your pocket

USB 2.0: 120GB, 160GB, 250GB, 320GB

Your work, your photos, your songs, your digital video, your memories. Take them all with you in Maxtor's portable shock-protected hard drive. Ideal for home and office, it's easy to use. Just connect the USB cable* into your PC or Mac and it immediately appears as another drive on your computer.

Storage made simple — With up to 320GB you have room for 5,330 hours of digital music or 102,400 digital photos or 320 hours of digital video or 80 two-hour DVD quality movies or 160 games.

Quality and reliability of Maxtor — Maxtor has been providing proven, reliable storage solutions for over 20 years. The industrial design of this next generation of external hard drives includes shock protection, EMI protection and the newest SATA hard drive technology. Maxtor continues to stand behind quality and includes a three-year warranty.

Highlights

- Easy set-up
- 20 years of proven storage reliability
- USB 2.0 and 1.1 compatible
- PC and Mac compatible

3 YEAR LIMITED WARRANTY

* *Some laptops, USB hubs, and even a few desktop systems limit bus power. In such cases, two USB ports are required for bus-powered operation. The included USB cable has an additional USB connector which can be used if two USB ports are required.*
